Dear Valued Customer,

We would like to introduce two new features for our customers!

You can now receive your monthly statement via email. Not only your statement, but invoices, contracts, and payment receipts. This feature allows us to communicate quicker, become more efficient and saves on paper! **All we need is your email and we will give you a one-time credit of \$20 on your account!** Lac qui Parle Cooperative Oil Company does not share any customer information with other entities.

With our new software you can now have access to your information 24/7 through Grower 360! It is a free and valuable tool that allows you to view up to date account activity like invoices, statements, field information and more! **You will also be able to make credit card, debit card and ACH payments online!** Upon approval from you, we will set up an account using your email and you will receive a confirmation email with a link to set up your own password. The link will also be available on our website at lqpcoop.com.
